CURTIS BRALY

Award winning entertainer, **Curtis Braly**, has been thrilling audiences across the country with his energetic style, powerful heartfelt vocals and dynamic stage presence. Whether performing with his talented band in a full stage show, or in a more personal and intimate setting accompanied by Acoustic Guitar & Piano, this music veteran delivers! This is likely the reason that fans return to watch him perform LIVE time & time again.

Curtis spent his summer as the opener for Tanya Tucker's 2016 tour. His proven ability to engage audiences secured him an invitation to return to the road with Tucker in 2017. Braly's charm, wit, and immense vocal talent always shines through in his live performances and his radio/tv appearances and interviews.

Concert goers have said "This is by far one of the best concerts we've been to". Because of Braly's reviews & popularity amongst the region, bringing in crowds for LIVE shows proves to be pulled off with ease.

"Working alongside Curtis was a motivational experience for me; he really went 'all-in' to record music that meant something to him. Curtis Braly is a prime representation of what Go Time Records' mission is – to develop a career artist", said Go Time Records President, Kent Wells.
